

### Introduction -

XP-8x49-CE6/XP-8x49-Atom-CE6 Series is the new generation Windows CE 6.0 based PAC (Programmable Automation Controller) of ICP DAS. It features with the **powerful InduSoft Web Studio**. XP-8000-CE6 Series is equipped with an AMD LX800 CPU (500 MHz), various connectivity (VGA, USB, Ethernet, RS-232/485) and 0/3/7 I/O slots for high performance parallel I/O modules (high proT le I-8K Series) and serial I/O modules (high proT le I-8K series). XP-8000-Atom-CE6 series equips a Intel Atom Z500 Series, variant connectivity (VGA, USB, Ethernet, RS-232/RS-485), and 1/3/7 slots for high performance parallel I/O modules (high profile I-8K series) and serial-type I/O modules (high profile I-87K I/O modules).

The benefits of running Windows CE 6.0 on XPAC include hard real-time capability, small core size, fast boot speed, interrupt handling at a deeper level and achievable deterministic control. XPAC is also capable of running PC-based control software such as Visual Basic .NET, Visual C#,.... etc. It has all of the best features of both traditional PLCs and Windows capable PCs.

## Applications

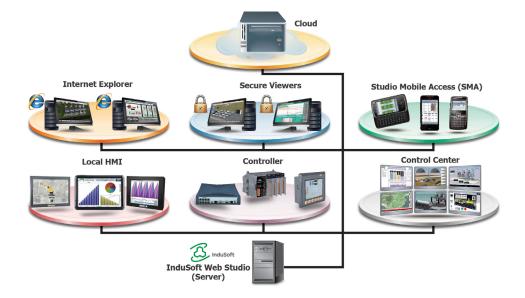

Environment monitoring, factory automation, building management system, industrial machine control, etc.

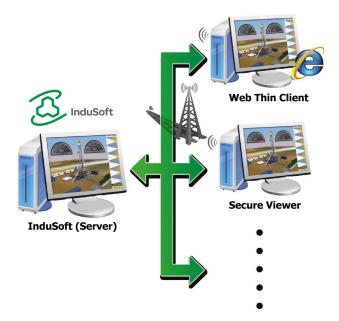

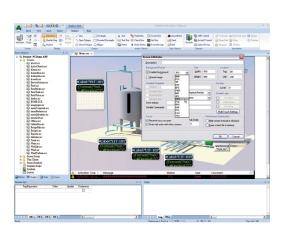

#### InduSoft Features \_

IWS applications run on microcomputers connected in real-time to machines or processors through WinPAC programmable controllers, remote I/O devices, and other data acquisition equipment. These applications consist of animated operator-interface screens, rollable I/O devices, an application tags database, and optional modules such as alarm monitors, trend charts, recipes, schedulers, and a security system.

- Intuitive script language with more than 100 standard functions is provided.
- Conform to industry standards such as Microsoft.NET, OPC, DDE, ODBC, XML.
- Full-Featured WinCE-based run-time environment (CE View).
- Dynamic library of symbols customizable.
- ActiveX container (Windows NT/CE).
- Automatic e-mail (SMTP) and dial-up connection interface supported.
- Provide multi-level security for applications, including the Internet and Intranet.

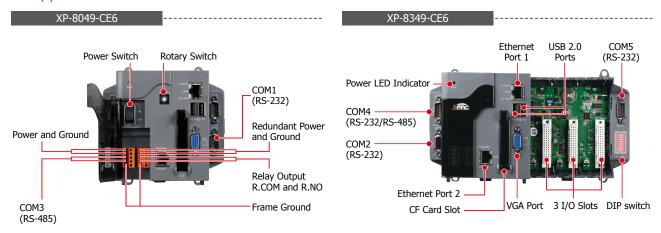

Vol. PAC 1.0.409
