

# Complete Product Catalog Overview

- Service First
- Quality First
- Innovation Driven
- Win-Win Cooperation

ICP DAS, founded in 1993, specializes in industrial automation and the Industrial Internet of Things (IIoT), helping enterprises accelerate the adoption of smart manufacturing and energy optimization.

## Industrial Internet of Things, IIoT

IIoT Cloud Product UA Series / BRK Series (52 Pages)	Redundancy / Distributed MQTT Broker BRK Series (6 Pages)	Seamless Integration of IT & OT UA Series (16 Pages)
Vibration Measurement Solution (All Series) (32 Pages)	Vibration Data Logger AR Series (8 Pages)	Vibration Sensor ISN Series (8 Pages)
Infrared Temperature Sensing ISN-800 Series (8 Pages)	IIoT Environmental Monitoring (All Series) (6 Pages)	Industrial Airbox DL-1000 Series (8 Pages)
Mini Weather Station DLW-1000 (12 Pages)	Industrial Gas Sensor DL-300 Series (8 Pages)	
Human Motion Sensor PIR Series (6 Pages)	ToF Rangefinder ISN-301 Series (6 Pages)	Alarm Module ALM Series (8 Pages)

## Industrial Internet of Things, IIoT

Wireless Emergency SOS System (8 Pages)	Liquid Leak Detection ISN-101/104 Series (8 Pages)	Stack Light Monitoring tSL Series (4 Pages)
-----------------------------------------	----------------------------------------------------	---------------------------------------------

## Solution

Building Automation (88 Pages)	Digital Smart Campus (16 Pages)
--------------------------------	---------------------------------

## PACTECH

Application Story  
 Technology Forum  
 New Products

## PC I/O Boards

PC-based I/O Boards (90 Pages)

## PACs

Programmable Automation Controller (108 Pages)	Win-GRAF based Redundant PAC (4 Pages)
------------------------------------------------	----------------------------------------

FPC\_F.1.26.05\_EN

## Panel Products

Industrial IoT LED Display iKAN Series (40 Pages)	Industrial Panel PC / Industrial Panel Controller (72 Pages)	TouchPAD HMI Device (12 Pages)
---------------------------------------------------	--------------------------------------------------------------	--------------------------------

## Machine Automation

Machine Automation Motion Total Product (All Series) (95 Pages)	EtherCAT Motion Control (96 Pages)
-----------------------------------------------------------------	------------------------------------

## Remote I/O Module and Unit

Remote I/O (All Series) (144 Pages)	Industrial Remote I/O (8 Pages)	Next-Generation Fault-Tolerant I/O RIO-8000 Series (8 Pages)
Cybersecurity Ethernet I/O Modules ETS-7200 Series (6 Pages)		

## Industrial Communication

Industrial Fieldbus Product (124 Pages)	EtherNet/IP Product (11 Pages)	PROFINET Product (10 Pages)
CAN and CAN FD Communication (74 Pages)	DeviceNet Product (22 Pages)	CANopen Product (22 Pages)
Industrial IoT Switch iNS-300 Series (4 Pages)	Redundant Power Supply RPS Series (6 Pages)	Serial Port Sharer tSH-700 Series (6 Pages)
Modbus Gateway tGW-700 Series (6 Pages)	Serial Devices Server tDS-700 Series (4 Pages)	

## Wireless Communication

Wireless Product (All Series) (62 Pages)	ZigBee Product (12 Pages)	Wireless Sensing iWSN Series (32 Pages)
------------------------------------------	---------------------------	-----------------------------------------

## Energy Management

Energy Management Solution (102 Pages)	Energy Management Solution (12 Pages)	Energy Management Best Practices (44 Pages)
3.5" Touchscreen 3-Phase Smart Power Meter PM-5133 Series (8 Pages)	Wireless Power Meter iWSN Series (8 Pages)	

## Industrial Internet of Things, IIoT

IIoT -1: Server, Controller and Software (66 Pages)	IIoT -2: Access Control Security, Factory Automation (38 Pages)	IIoT -3: Environmental Monitoring, Mini Weather Station (58 Pages)
IoT Cloud Software IoTstar 2025 (28 Pages)	IIoT Edge Controller & I/O Module WISE Series (8 Pages)	IIoT Edge Controller & I/O Module WISE Series (60 Pages)
