

**CAN-2000 series  
(DeviceNet I/O modules)**

Q1: Can CAN-2017D communicate with Allen-Bradley DeviceNet Master? .....2

**Q1: Can CAN-2017D communicate with Allen-Bradley DeviceNet Master? (2013/12/10, Alan)**

Ans: Yes. After we test, Allen-Bradley DeviceNet Master will connect to CAN-2017D via using DeviceNet Predefined method and communicate each other via using Polled IO method.

(2013/12/10, Alan)
