## How to enter characters without a keyboard

| Appli | es to:   |              |                     |
|-------|----------|--------------|---------------------|
|       | Platform | OS Version   | PAC Utility Version |
|       | WinPAC   | All Versions | All Versions        |
|       | ViewPAC  | All Versions | All Versions        |
|       |          |              |                     |

The WinPAC/ViewPAC only has one USB port; if there is no USB hub available for a keyboard, Win CE provides an input panel to enter characters with a mouse or on touch panel.

To enter characters without a keyboard, perform the following steps:

Step 1: Click the icon circled in the picture below.

| My Device taskmgr        |                                     |          |
|--------------------------|-------------------------------------|----------|
|                          |                                     | 1        |
| Explorer                 |                                     | <u> </u> |
| Microsoft                |                                     |          |
| WordPad                  |                                     |          |
| My<br>Documents          |                                     |          |
| 18                       |                                     |          |
