I want to email my ISaGRAF program to someone. How can I archive one ISaGRAF project to a single file?

Click the link for more ISaGRAF FAQ.

Ans:

For archiving purposes you can "Back Up" and "Restore" an ISaGRAF Workbench project.

Backing Up An ISaGRAF Project:

Open the "ISaGRAF Project Management" window, select "Tools" from the menu bar, click on "Archive", and then click on "Projects". An "Archive Projects" window will open which allows you to designate where you want to save the ISaGRAF project to.

Click on the name of the ISaGRAF project you want to backup, and then click on the "Backup" button. You can compress the size of the file you have backed up by clicking on the "Compress" checkbox BEFORE you click on the "Backup" button.

You will now find the backed up ISaGRAF project file in the "Archive" location you have designated. In the example above, the name of the backed up file is "simpleId.pia".

Restoring An ISaGRAF Project:

To restore an ISaGRAF project from a backed up file, use the same method as above to access to the "Archive Projects" window.

Then click on the name of the project you want to restore from the "Workbench" window, then click on the name of the backed up file from the "Archive" window, then click on the "Restore" button. The ISaGRAF project will now be restored to the sub-directory you designated.

Workbench	Archive	
demo_15a 🔺	simpleId Bac	kup
demo_16 demo_17	Res	tore
fbd_exam il_exam io4ld	Cla	ose
sfc_exam simpleId	Н	elp
st_exam st_inter work_01		
work_02a work_02b	Compr	ess
Archive location		
C:\SCOTT\	Brow	Ase

You can now open, edit and download the restored ISaGRAF project file.
